555—6.9(17A,22) Routine use.

6.9(1) Defined. “Routine use” means the disclosure of a record without the consent the subject or subjects, for a purpose which is compatible with the purpose for which the record was collected. It includes disclosures required to be made by statute other than the public records law, Iowa Code chapter 22.

6.9(2) To the extent allowed by law, the following are considered routine uses of all agency records:

a. Disclosure of officers, employees, and agents of the agency who have a need for the record in the performance of their duties. The custodian of the record may, upon request of an officer or employee, or on the custodian's own initiative, determine what constitutes legitimate need to use confidential records.

b. Disclosure of information indicating an apparent violation of the law to appropriate law enforcement authorities for investigation and possible prosecution, civil court action, or regulatory order.

c. Disclosure to the department of inspections and appeals regarding matters in which performs services or functions on behalf of the agency.

d. Transfers of information within the agency, to other state agencies, or to local units government, as appropriate, to administer the program for which the information is collected.

e. Information released to staff of federal and state entities for audit purposes or to determine whether the agency is operating a program lawfully.

f. Any disclosure specifically authorized by the statute under which the record is collected or maintained.

555—6.10(17A,22) Consensual disclosure of confidential records.

6.10(1) *Consent to disclosure by a subject.* The subject may consent in writing to agency disclosure of confidential records as provided in rule 6.7(17A,22).

6.10(2) *Complaints to public officials.* A letter from a subject of a confidential record to a public official which seeks the official’s intervention on behalf of the subject in a matter that involves the agency may be treated as an authorization to release sufficient information about the subject to the official to resolve the matter.

555—6.11(17A,22) Release to subject. The subject of a confidential record may file a written request to review the subject’s confidential records. However, the agency need not release the following records to the subject:

- 1. The identity of a person providing information to the agency when the information is authorized as confidential pursuant to Iowa Code subsection 22.7(18).
- 2. The work product of an attorney or otherwise privileged information.
- 3. Peace officers’ investigative reports, except as required by Iowa Code subsection 22.7(5).
- 4. Those otherwise authorized by law.

555—6.12(17A,22) Availability of records. This rule lists the agency records which are open to the public, those which are confidential, and those which are partially open and partially confidential.

Agency records are listed by category, according to the legal basis for confidential treatment (if any). The commission administers federally funded programs to enforce confidentiality standards for federal law and regulations as are required for receipt of the funds. A single record may contain information from several categories.

The chart indicates whether the record contains personally identifiable information and indicates the legal authority for confidentiality and for the collection of personally identifiable information.
